

Marginal Column By KENNETH HARRIS

Mr. Lodge, as things turned

Mr. Lodge, as things turned

Mout, did something which served to underline the kind of hypnotized paralysis in which Mr. Vyshinsky's silence seemed to hold the majority of the delegates. As though vexed at the prospect of the proceedings being delayed until Mr. Vyshinsky condescended to speak, (as be finally did yesterday) Mr. Lodge formally, asked the chairman of the Pollife a l'Committee, in which the debate is islicing place, whether Mr. Vyshinsky proposed to make a speech and, if so, when he would deliver it. Mr. Lodge made this move simply to show that the Americans were not afraid of anything Mr. Vyshinsky could say, were calling his bluff, so to speak, and were confident that he held no aces. The actual effect of Mr. Lodge's remewhat dashing query, however, was to draw attention to the fact that several delegates were not so confident about the cards they

Court Inquiry Into Kerosene Licence

The legality of a decision of the Ramle Municipality to make Mr. Elia Pnum, a Councillor, part-owner of a licence issued to Mr. Beshara Kakunda for the sale of kcrosene, is to be considered by the High Court, it was decided on Friday.

Mr. Kakunda, the applicant, stated that his application for the licence had been approve last year. He bought equipment in order to retail the kerosen in order to retail the kerosene and also paid the licence fee. Mr. Pnum suddenly opposed issuing the licence, the applicant stated, because the Council member had been told by the army that he is to be the sole distributor of kerosene in Ramle, Following Mr. Pnum's opposition, the issue of the licence was delayed and in September the Municipal Council notified Mr. Kakunda that he would have to share the licence with

City Sued For Truck Used In Siege

Mr. Shaul Winkler, of Jerusa-lem, recently filed a IL.7,950 compensation aut against the Municipality in the District Court, claiming that the Mun-icipality had failed to return a truck it leased from him in

truck it leased from him in January, 1948.

The plaintiff declared that the truck had been rented to move the Municipality's belongings from the Barclays Bank building near the border to 'fahane Yehuda, One of the conditions stipulated by Mr. Winkler, it is claimed, was that the truck remain within Jewish territory.

The Municipality has now told the plaintiff, he stated, that Arabs near the bank building attacked and demolished the vehicle while it was being used to move furniture. Mr. Winkler considers this a breach of the contract, since it proves that it had left the Jewish sector. He also stated that repeated efforts to be compensated for the loss of the truck had met with fall-

given and loaned were only made available after careful enquiry into the actual needs of Israel and were accompanied by the setting up of machinery for

any specific plans for whose im-plementation they needed aid. Syria, in fact, declined Point-Four aid altogether. Even such schemes as were carefully de-signed by international bodies rehabilitation of Arab refugees never reached the stage of implementation because the Arab States at no time showed any real desire to have them put into effect. Hed the Arab States set up a parallel programme to that of Israel and been refused assistance to carry through there might have been some purpose in making the comparison between the sums both groups have received.

It must also be pointed out that merely to list the sums made available to Israel and the Arab States by the United States is to give a distorted pic-ture. Apart from gift monies Jewish communities and stments by Jews in Israel ds, the sums concerned reis, the sums concerned re-mt everything that Israel received in external aid Hidden Unemployment during its period of existence.

The Araba, on the other hand, haw had countress millions and from the town to the country has been set in motion poured into their laps in the form of oil royalties. For example, the tiny principality of Ruwelt alone receives no less than 150m, from this source operation. The truth is, of course, that it is a falleay row the United States to has its Middle Eastern policy on the belief that the Araba will be made more friendly by municed and mon-prolicy factor has much concerned with what they will get as that israel about get so thing. Their avow-set policy is the elimination of Israel. They falled to achieve this by war and they nowledge company to a second military round in which their success might be assured by farael's secondic last on which their success might be assured by farael's secondic last of the intervent of the first thing essential in the first place, to ensure that the appearance of the policeman to the possible with which they are faced. The first thing essential to a the productive occupance of oil royalties. For example, the tiny principality of Ruwelt alone receives no less than 150m, from this source operation. The truth is, of course, that it is a falleay row the courtibutory factor has made more friendly by munication and you are help-ing the eriminal. The Police and the process of the Law saists the upholder of the Law saists

To suggest that United States policy will not become antilerael but that lursel's needs will in future receive careful consideration along with the requirements of all the neighbouring Arab States is to miss the Arab point completely. The Araba have made !' plain that they will be content only with a policy designed to weaken Israel to the point of extinction. But even then it is doubtful if he West would thus win faith-hal allies in the Araba. The lescond World War demonstrated had the Arab States know only one foyalty—to the side bey think is winning.

RAISED PRODUCTION TO MAINTAIN LIVING STANDARD N.E.P. Revealed Disguised Labour

A YEAR of the New Ec

Currency Cut

The curtailing in currency in circulation and the neutralization Israel and were accompanied by the setting up of machinery for representatives of the Amer of Government on the spot strictly to supervise the spending of such monies for previously defined purposes.

In other words, the grants and loans were only made for a specific programme and in response also to a specific problem: the difficulties encountered by Israel through the need to absorb nearly three quarters of a million refugees within four years. The Arab States put forward no such precise programme nor had, they ever approached the United States with any specific plans for whose important of the sellers' market have combined to bring about a healthier relationship between supply and demand. Thus most controls hitherto exercised over the sale of commodities have been made superfluous. The benefits resulting from the removal of controls have been made superfluous. The benefits resulting from the removal of controls have been made superfluous. The benefits resulting from the removal of controls have been made superfluous. dance with para 5 of the "Arnona Levy War Damage Compensation Law".

Compensation Law".

It should first be made clear that the Haifa Municipality is asking for payment of the General Rate payable by occupiers of property. It is certainly not a "levy," which is normally fised to denote a single one-time payment for a special purpose. Secondly, one can only assume that the name "armona" has been adopted, since the amendment to the Municipalities Ordinance, published in Sefer Ha-Chukim No. 100 on the June 25, 1982, for the first time called the Municipal rates "armonot," in place of the Mandatory term "mas", which also meant a Tax.

This would have been quite ac-

INFILTRATION

TO The Raine of the POST

Sir.— Would it not be possible to run a double or treble strip of barbed wire along the whole length of our border and place mines at regular intervals? The harbed wire fence should also be fitted with an electric signalling system at every kilometre, connected to military posts not too far from the frontier. This would enable a patrol to be rushed to a threatened point immediately.

Yours, etc.
